About 404 Village Walk Lane

Charleston architectural style yesterday's design in the City of Clemson. For homeowners who want neighborhood amenities within walking distance to shopping, schools, yet look forward to sharing time with like minded neighbors. What they share in common is a desire for that sense of place and permanence, a community like those of their childhood. Village Walk Lane is a quiet, tree lined street with "old" red brick sidewalks on both sides. Front porches, wrought iron gates, brick courtyards and rear alley access to garages and you have both historical design and modern conveniences. VillageWalk has a clubhouse, pool, hot tub, playground and more. Beautifully landscaped, charming, one of a kind in a university town.
